

FAMILY VISITORS

OSSO welcomes parents and family members to come visit their volunteer. All visitors, family or otherwise (including past volunteers), wishing to visit OSSO's program (even if they don't want to stay in OSSO's house) must have prior permission/approval (before making flight arrangements) from OSSO's office in Rexburg. (For the safety of the children we serve, as well as the volunteers, we feel a need to screen all visitors.)

Volunteers are not permitted to travel overnight during their service time. If visitors want to go on overnight travel with the volunteer, they must plan to do so after the end of the volunteer's service time. We recommend that visitors visit the volunteer at their service location during the last week the volunteer is serving. If parents and family members want to stay in OSSO's house with their volunteer, payment must be made to OSSO's office before they travel.
