

## **FLIGHT ARRANGEMENTS**

We prefer you to fly out of Salt Lake City; however, you may fly out of any major airport in the continental US. There may be an additional \$100-200 charge for increased airfare for those traveling during Christmas or summer seasons. Call our office to see what airfares we have been able to arrange. Travel from outside the continental US will also likely cost extra. Most likely, unless your situation requires special circumstances, you'll have an e-ticket.

Whenever possible, OSSO makes flight arrangements originating in Salt Lake City through group ticketing with the contracted airline OSSO uses. We prefer this so that we can have someone there to send off the group and answer questions, as well as the fact that they travel together as a group and get a jump start on forming friendships and getting to know each other.

*We send detailed travel instructions with complete itineraries two weeks before departure.*

All airline tickets are issued subject to all terms and conditions set forth by the issuer, and OSSO shall not be liable in any way in connection with such transportation, or any loss, injury, or damage to person or property, in respect to said transportation arrangements.
