

## **INSURANCE**

Each volunteer will be required to provide their own international health insurance (volunteers' existing health insurance policies may have this provision available; dependent children should check with their parents or guardians for possible coverage through one of their existing healthcare insurance plans) and to *provide proof of insurance* (i.e. name of provider and policy number; confirm that it provides international coverage and emergency evacuation).

All volunteers are encouraged to arrange for trip cancellation insurance and baggage loss or damage insurance.

### **DISCOUNT CARD OPTIONS FOR MINIMAL TRAVEL AND HEALTH INSURANCE:**

- International Volunteer Card (\$15-\$45): available for anyone; [www.volunteercard.com](http://www.volunteercard.com)
- STA Travel (International Student/Youth Identity Card for \$22): for students, and non-students 25 years of age and under; [www.statravel.com](http://www.statravel.com) or (801) 582-5840

*Though recommended, the coverage these cards provide is very limited and is not adequate alone.*
