

ORIENTATION INFORMATION

Dear Accepted Volunteer—Welcome to the first part of your orientation. Please don't underestimate the importance of this aspect of training as further orientation will build on this particular information upon your arrival in Ecuador.

We strongly encourage you to read through all of the files on www.orphanagesupport.org/volprogram.html now, to give you a better feel for what you'll be doing, and what'll be expected of you while in Ecuador. There's a lot of information there and there's some information that's more important than other info, but all of it is information that you need to know and will be helpful for you to know as you're preparing to go. For the files that have Cuenca/Quito in the name, you only need to read the ones that are for the city you're accepted to, either Cuenca or Quito.

You're more than welcome to print off this information, in fact, we encourage you to do so you can take it with you and refer to it, because you'll need to know this information inside and out (however, it'll be available to you on the website at all times).

Have fun reading!
