

RAISING MONEY TO HELP THE CHILDREN IN THE ORPHANAGES

Many volunteers are raising extra money to be used for the children in the orphanages. We commend you for this kind act. If the U.S. donor wants a tax deduction, the money must be contributed, in the donor's name, directly to Orphanage Support Services Organization (OSSO) in Rexburg. (If the donor feels more comfortable handing you the check, made out to OSSO, this is fine, just send it on to OSSO.) OSSO will transfer the money to Ecuador and you may have a role in spending the money on the children. Clearly indicate the money is not for your direct support.

If money is donated this way, and you don't have the time to help use all of it while there, we cannot refund this money to you, but we'll try to follow your wishes on how it's spent. We will not allow funds donated to OSSO for orphanage support to be spent in an extravagant, frivolous or ineffective manner.
