

SITE TRAINING QUIZ

Two (2) weeks before your departure, you'll be sent a Username and Password (by e-mail) to access the Site Training information.

For this quiz, you need to read in-depth all of the files on www.orphanagesupport.org/Site/sitetraining.html (the files for the city you're going to), because two (2) weeks before your departure, we'll sign you up to take this mandatory online quiz (open book) on this material and we'll send you an e-mail notifying you that this quiz is available for you to take.

This quiz must be completed (and corrections sent) by four days before your departure (generally this is the Sunday before the normal Thursday group departure dates).

We estimate that reading the information will take approximately 1-1 ½ hours (for an average reader) without interruptions if you do it all in one sitting—and hopefully it will take you less time!

To take the quiz, we're estimating anywhere from 30 minutes to an hour, depending on your preparation—again, the more you prepare, and the better knowledge you have of this information, the easier and faster the quiz will be for you!

In order to pass this quiz, you must get at least an 85% (which allows you to miss quite a few questions), and then you have to e-mail the correct answers for those questions that you missed (see Exambuilder Instructions for Quizzes).

You will not be allowed to work in the orphanages until you've taken and passed this quiz and sent the correct answers to the questions you missed.

Upon your arrival in Ecuador, you'll review all of this information during "Orientation" to make sure you know it and before you'll be allowed to begin working in the orphanages.

Prepare well and everything will be easier for you.

Have fun reading!
